

MS POWDER COATED AIR CURTAIN

Turbovent Pro

High Quality
Air Curtain Blower

Single Phase
High Quality
Copper Motor

EFFICIENT PERFORMANCE

Turbovent Pro is a high-speed industrial air curtain equipped with a centrifugal super-fine turbine and a pure copper motor that delivers powerful airflow up to 22m/s. Engineered for continuous operation, it ensures reliable performance in demanding environments while effectively preventing dust, insects, and external air from entering. Ideal for use at commercial and industrial entrances, including offices, warehouses, production units, and clean zones.

TECHNICAL SPECIFICATIONS

Model No.	Dimesions (MM)	Volts (v)	Watts (w)	Air Velocity (m/s)	Noise Level (Db)	Motor RPM
HACMS2	600 X 210 X 225	220/230	120	20-22	50	2800
HACMS3	900 X 210 X 225	220/230	200	20-22	53	2800
HACMS1M	1000 X 210 X 225	220/230	200	20-22	53	2800
HACMS4	1200 X 210 X 225	220/230	240	20-22	55	2800
HACMS5	1500 X 210 X 225	220/230	320	20-22	57	2800
HACMS6	1800 X 210 X 225	220/230	360	20-22	57	2800
HACMS7	2100 X 210 X 225	220/230	440	20-22	58	2800
